The Mission of Saint Martin's College Incorporated is to proclaim the Christian Gospel, and its values as expressed by the Anglican Church of Australia. The College is an active presence which supports quality education and is a catalyst for advocacy and challenge to all members of the University community at the CSU Wagga Wagga Campus. The College is an inclusive Christian community that respects the inherent dignity and worth of every human being and seeks to ensure that, within the scope of its work, human and social liberties are safeguarded. In particular the College seeks to:

- Equitably deal with all people displaying standards of honesty and integrity, respecting confidentiality and fairness where there are competing demands.
- Contribute to the CSU Wagga Wagga Campus educational plan by providing maximum opportunities for people to study and succeed in undergraduate and post graduate courses.
- Live by the Christian Gospel, its faith and values.
